

SWECO® SANITARY SEPARATOR

A COMPLETE SANITARY SYSTEM

The SWECO Sanitary Separator meets all requirements of 3-A Sanitary Standards and FDA requirements for food processing applications. Constructed of 304 Stainless Steel polished to a #4 Finish for all product contact surfaces, the Model SS separator is designed with a crevice-free interior and radius corner spouts to prevent product buildup and contamination. Patented Supertaut® Plus screens and screen gaskets also use FDA approved materials for food contact applications. Available in single or multiple deck designs, 18" to 72" diameter, the SWECO Model SS Sanitary Separator can be customized with a variety of surface finishes, In-Place cleaning capability, or screen cleaning/deblinding devices constructed of FDA approved components to meet your most stringent sanitary requirements.

TOTALLY ENCLOSED MOTOR AND WEIGHTS.
SEALED ACCESS DOOR FOR WEIGHT ADJUSTMENT.
